## Fit Not Needed.

A rather plainly dressed young man went into a fashionable goods store and asked to see a suit of clothes. "Oh, don't bother about fitting it, just wrap it up as it is—and, by the way, put in a hat."

"What size, please?"

"Any old number around seven will do."

"Any shirts?" ventured the clerk.

"Yes, throw in three or four, and don't mind the size, for I was a private in the A. E. F. for over a year, and I'm afraid I don't get much of a fit now."

"Now I won't feel at home," said the former soldier.

## HAD LOST HOPE

But Doan's Effected a Complete Recovery After Other Remedies Failed. Now in Good Health.

Mrs. J. A. Stittworth, 22, Bell Ave., Red Key, Ind., says: "Kidney trouble came on me suddenly and before I realized it I was in a critical condition. My body bloated and my feet and ankles swelled like balloons. The kidneys secretions burned terribly in my passage. My face puffed up and the flesh under my eyes and on my cheeks hung down in folds. I had no sleep, when I thought I would die. No much water had collected under my skin. I weighed 175 pounds, a gain of 40 pounds. My sight failed and little black specks passed before my eyes. I felt drowsy and was so nervous, I couldn't stand the least noise. My male pains darted all through me and it felt as if every nerve in my body was affected. Medicine didn't help me and I had little hope or strength left. Finally I used Doan's Kidney Pills and they restored me to health. I am now well and strong."

## Rescue of Girl Slaves.

Rescuing Armenian girls from Turkish harems is not so easy an adventure as may be supposed, principally owing to the lies told them by the sheikhs, who declare that "the Christian dogs" make them work from sunrise to sunset and give them next to no food, and later send them to the dark regions of central Africa. Consequently, when two missionaries, with an automobile, reached the house of a sheikh with the object of delivering three Armenian young women from his power, the girls, despite the evidence that they were given of the bona fides of their deliverers, at first refused to leave their slave master. Even when of their way to Aleppo in comfortable cars, they were far from quiet. The sight of an Armenian priest at length gave them the needed assurance, however, and then the girls wanted to be slaves to their new masters for all time.
